# A Short History of Las Vegas

**Las Vegas, which means “the meadows” in Spanish, gained its name in the 1800s when this green valley and its desert spring waters offered respite for weary travelers traversing the Old Spanish Trail on their way to California.**

In 1904, a construction camp for workers building a railroad from Los Angeles to Salt Lake City was established in the Las Vegas Valley. The city’s official history began on May 15, 1905 when 110 acres of land adjacent to the Union Pacific Railroad tracks were auctioned in what would become the downtown area. Las Vegas became incorporated as a city in 1911 with a population of 3,000.

A pivotal year for Las Vegas was 1931, when Nevada legalized casino gambling, liberalized the state divorce law by reducing residency requirements to six weeks, and construction started on the Boulder Canyon Project, now known as the Hoover Dam.

Along with bringing construction workers and their families to the area, a growing tourism industry was created as visitors came to witness the building of this engineering marvel. This, in turn, helped the area avoid the economic devastation of the Great Depression.

These changes greatly impacted downtown’s Fremont Street (named after John C. Fremont, who led a westward overland expedition and camped at Las Vegas Springs in 1844). Fremont Street evolved from a dusty whistle stop into a haven for fun-seekers.

Its isolated location and natural assets made Las Vegas attractive to the defense industry during World War II. In 1941, a gunnery school for the Army Air Corps was established. It is now known as Nellis Air Force Base and is the home of the Air Force aerobatic team, the Thunderbirds. In 1951, the Nevada Proving Grounds, located 65 miles northwest of Las Vegas, began atomic testing in the middle of what was then the Las Vegas Bombing and Gunnery Range, an Air Force training and practice site.

## Las Vegas History continued...

It was also during the middle of the 20th century that Las Vegas continued its triumphant march toward becoming the gambling, or “gaming,” capital of the world. During this time the use of neon emerged, transforming Fremont Street into “Glitter Gulch.”

In 1959, the famous “Welcome to Fabulous Las Vegas” sign was created by resident Betty Willis.

Gaining fame in Las Vegas during the post-war era were notorious characters such as “Bugsy” Siegel, who, along with others, purchased a downtown Las Vegas hotel called the El Cortez. He later went on to open the Flamingo Hotel on the Las Vegas Strip. Both hotels are still in existence.

In the 1960s, Las Vegas temporarily became home to eccentric recluse multimillionaire and aircraft mogul, Howard Hughes, who helped introduce the business world to the riches gained from investing in Las Vegas. It was corporate America’s involvement in the gaming industry that eventually muscled out the mobsters.

In the late 1980s, entrepreneur Steve Wynn changed the face of the Las Vegas gambling industry by ushering in the era of the mega casino resort. These immense, one-stop hotel and casino complexes, designed to encourage patrons to stay on-site, changed the dynamics of the valley’s industry and converted dining and retail operations into integral money-makers.

The face of downtown Las Vegas changed forever when the Fremont Street Experience opened in December 1995.

**More...**

*Las Vegas has become a year-round tourist destination with no off season.*

*Construction on the nearby Hoover Dam began in 1931, taking 21,000 men to complete it by the opening date in 1936.*

*Las Vegas' airport, McCarran International, is the sixth busiest airport in the United States.*

*The legalization of gambling in 1931 encouraged other parts of the country to request the recall of Nevada's statehood. Now there are forms of legalized gambling in 48 of the 50 states.*

*More than 5000 people move to Las Vegas every month.*

*At 1,149 feet, the Stratosphere Tower is the tallest freestanding observation tower in the United States and the tallest building west of the Mississippi River.*

## Las Vegas History continued...

Over 12.5 million LEDs and 550,000 watts of sound are part of this entertainment extravaganza situated amid a five-block, pedestrian-friendly mall of casinos, shops and entertainment venues. The Fremont Street Experience attracts, on average, over 17 million visitors each year.

Today, the future for downtown Las Vegas looks as bright as the Fremont Street Experience lights, as new dining and entertainment opportunities open in the urban core. ■

### 18b Arts District

An eclectic mix of galleries, antique shops and one-of-a-kind stores are just a short walk or bus ride from Fremont Street. Known as “18b,” the Las Vegas Arts District is located immediately south of downtown in an area bounded by Commerce Street, Hoover Avenue, Fourth Street and Las Vegas Boulevard (at Charleston) and Colorado Avenue. The name, “18b,” represents the original arts district neighborhood, which consisted of 18 blocks. Today, the arts district area has grown beyond those original 18 blocks and is a classic urban mix of residential, commercial and cultural uses that continues to grow as the hub of the arts scene in Las Vegas.

### Marriage License

#### Requirements:

Requirements for U.S. citizens and non-U.S. citizens are the same. It is suggested that non-U.S. citizens check with your local officials for special documents that may be needed to ensure that your marriage will be recognized in your country.

Applicants must be a male and a female, at least 18 years of age, and not nearer of kin than second cousins or cousins of half blood, and not having a husband or wife living.

Applicants may be required to prove their age. The following may be used for identification:

- Original or certified copy of birth certificate plus photo identification
- Foreign birth certificate (must be translated into English and notarized) plus photo identification
- Passport
- Military identification

Social Security numbers are required on the Affidavit of Application for a marriage license. Those without knowledge of their Social Security number may be refused a marriage license. (It is recognized that non-U.S. citizens will not have a Social Security number.)

The ceremony may be performed in any wedding chapel, church or the civil marriage commissioner's office. These marriages are recognized throughout the world.

#### Divorced Applicants:

Are required to know the month, day, year, city and state of their divorce. The divorce must be final and filed with the courts in the state or country granted.

You are not required to bring the divorce decree.

## Parking Information

### City of Las Vegas Parking Meters

Multi-space, as well as the traditional single-space parking meters, are available on downtown Las Vegas streets.

The multi-space meters are tan-colored and pedestal-style and control several parking spaces. These meters take coins and credit/debit cards. Parking stalls for the multi-space meters are indicated by pavement markings and are numbered.

Drivers should locate the parking space number indicated on the curb or adjacent to their parked vehicle before making payment transactions at the multi-space meter. For regular users, meter payments can be made by cellular phone when registered as an mPARK customer. To register, call 1-888-mPARKGO or 1.888.672.7546.

Traditional single-space parking meters take coins and the “cash key.” The cash key is an actual key that fits on any key ring. It is like a debit card with a pre-paid, pre-programmed cash value. For information on the “cash key” program, contact the city’s Parking Enforcement Unit at 702.229.6431.

Hours and days of operation for the parking meters vary. Visitors should refer to the information posted on the parking meter.

### Parking Meter Fees

On-street meter rates: \$1.00 per hour.

City of Las Vegas-operated parking garages meter rates: \$1.50 per hour (see map).

The city of Las Vegas offers **free** metered parking on the following holidays:

New Year’s Day (January 1)

Martin Luther King, Jr. Day (Third Monday in January)

President’s Day (Third Monday in February)

Memorial Day (Last Monday in May)

Independence Day (July 4)

Labor Day (First Monday in September)

Nevada Day (Last Friday in October)

### Street Sweeping

(Voice mail messages may be left outside of normal business hours.)

### **Handicap/Disabled Parking Information**

The state of Nevada Department of Motor Vehicle disabled parking rules are as follows:

- Handicapped plates and placards do not entitle the operator to waived parking fees. You must pay any meter or garage parking charges.
- You may not park in a handicapped space without disabled persons plates or placards issued by a government agency.
- Valid plates or placards from another state or country may be used in Nevada.
- Plates or placards may be used only by the person to whom they were issued. You may not use someone else's privilege. In addition to any parking citations that are issued, the person who owns the plates or placards may be cited for allowing another person to use them improperly.
- The minimum fine for illegal parking in a handicapped space in Nevada is \$250.

### **Disabled Veteran & Prisoner of War License Plates**
